Editor TIMES:

Please make the announcement in your paper that I have decided to become a candidate for the office of Assessor of this county.

Having been for a long time closely connected with the land matters of the county, as Surveyor and Real Estate dealer, I feel that I may possess the qualifications necessary for making a proper and correct assessment of the lands of the county, at any rate if the people will entrust me with the office, I will bring into exercise experience and skill I may possess towards bringing out for them a correct roll of their lands. J. P. GEORGE.

FOR CONGRESS.

SEVENTH DISTRICT  
HON. J. G. SPENCER,  
Of Claiborne County.

FOR MAYOR

We are authorized to announce  
W. LEE DINKINS  
as a candidate for Mayor of the city of Canton at the ensuing election.

FOR COUNTY TREASURER

We are authorized to announce.  
B. F. HILL,  
as a candidate for County Treasurer, at the November election, 1895.

Typographical errors must be overlooked this week. No time to correct.

The TIMES office has been crowded this week with job work, which explains delay of this paper in reaching its readers.

The boys are all getting a move on, and preparing for the fray slated for November 1895. It is a little early, but the early bird, etc.

Cotton is selling to-day on the street at from 5 to 5 1/2 cents per pound. How does sound to the fellow that has to buy meat and corn next year on credit. It is no pleasure for us to say to such fellows—"I told you so."

We hear it whispered that Mr. W. M. Reid will cross lanes with our old friend Coleman for the position of Supervisor of the first district at the next election. We presume these gentlemen will make their aspirations known through the TIMES at the proper time. All we have got to say now is, that the man who beats Will Reid will get the plum.

Mr. B. F. Hill announces to-day as a candidate for the office of Treasurer of Madison county at the November election 1895. Mr. Hill is too well known to the people of the county to require any indorsement from any one. Mr. Hill is a typical young Democrat of exemplary habits and withal a man of thorough business qualifications, honest, faithful and capable, just such a man in fact, that the times calls for in official position.

It begins to look like we will have to add several more pages to the TIMES in order to accommodate candidates and advertisers. Look out next week for new announcements and advertisements, and remember the TIMES is the place to make known to the people anything you want them to know. We are daily adding new names to our subscription list and expect soon to publish the best and widest circulated paper in south west Mississippi.

For the past two months, Onset, Capt. Randall's celebrated trotting stallion, has been up in Tennessee and Kentucky, among the greatest flyers on the American turf. We understand he has easily held a place among the best of them. He has won several handsome purses, and the best of it is, he is regarded by the horsemen of Tennessee and Kentucky as one of the coming wonders of the turf. We congratulate Capt. Randall on the splendid record which "Onset" has made.

We understand Mr. Spencer, the Democratic nominee for Congress in the 7th District, has already hit the grit, and is making things lively for his Populite opponent. We are sorry we like space to give the people of Madison county a more extended notice of Mr. Spencer. He is a typical representative of the farming element and is said to be a man of sound and clear cut views on all the leading issues of the day and has the courage of his convictions.

It is hardly necessary to call attention to E. Wile's big full page ad in the TIMES this week. Mr. Wile, although recently established in Canton has forged himself easily to the front rank among our commercial men, and is to-day one of the leading men in the business circles of the city. Read his price list of a few of the leading articles he carries in stock and say whether such bargains were offered to the people of Canton and vicinity. He buys and sells strictly for cash and this is the solution of the question we often hear asked: How can Wile afford to sell goods so cheap?

Don't fail to glance over Isidor Gross' address "To the Pullie." He is daily giving his new stock purchased in the Eastern and Western business centers, under the reduced tariff rates, and is prepared to meet any competition in the market. He has added several new lines to his stock, to which he invites your attention and promises to sell goods as cheap as the cheapest. Mr. Gross' career as a business man has simply been phenomenal, his success being the result of strict business principles and methods backed up by integrity and honest dealing with his customers. Don't fail to call on him when you come in to sell cotton or buy goods.

We announce in this issue of the TIMES the name of W. Lee Dinkins as a candidate for Mayor. No body doubts Lee's capacity and fitness for the position to which he aspires, and if disinterested and patriotic devotion to the interests of the city and its people go for anything, then the voters of Canton will reflect some time before deciding to vote against him. There is to-day no man in Canton, who has done more, in proportion to his financial ability, than he towards promoting and building up the best interests of the city. We say this much in recognition of the merit of a man to whom the people of Canton are largely indebted for whatever progress and enterprise the city enjoys, and with no view of detracting the merit of the popular and clever gentlemen, who for the past 10 or 12 years has had the honor of presiding over the legislative council of the city.

Blood Poison

THE BANE OF HUMAN LIFE,

Driven Out of the System by the Use of

Ayer's Sarsaparilla

"For five years, I was a great sufferer from a most persistent blood disease, none of the various medicines I took being of any help whatever. Hoping that change of climate would benefit me, I went to Cuba, to Florida, and then to Saratoga Springs, where I remained some time drinking the waters. But all was no use. At last, being advised by several friends to try Ayer's Sarsaparilla, I began taking it, and very soon favorable results were manifest. To-day I consider myself a perfectly healthy man, with a good appetite and not the least trace of my former complaint. To all my friends, and especially young men like myself, I recommend Ayer's Sarsaparilla, if in need of a perfectly reliable blood-purifier." —JOSE A. ESCOBAR, proprietor Hotel Victoria, Key West, Fla.; residence, 332 W. 16th St., New York.

While in Chicago, Mr. Charles L. Kahler, a prominent shoe merchant of Des Moines, Iowa, had quite a serious time. He took such a severe cold he could scarcely talk or navigate, but the prompt use of Chamberlain's Cough Remedy cured him of his cold so quickly that others at the hotel who had bad colds followed his example and half a dozen persons ordered it from the nearest drug store. They were profuse in their thanks to Mr. Kahler for telling them how to cure a bad cold so quickly. For sale by all Druggists.

SURROUNDED BY MYSTERY!

A Great Mistake.

A recent discovery is that headache, dizziness, dullness, confusion of the mind, etc., are due to derangement of the nerve centers which supply the brain with nerve force; that indigestion, dyspepsia, neuralgia, wind in stomach, etc., arise from the derangement of the nerve centers supplying these organs with nerve fluid or force. This is likewise true of many diseases of the heart and lungs. The nerve system is like a telegraph system, as will be seen by the accompanying cut. The little white lines are the nerves which convey the nerve force from the nerve centers to every part of the body, just as the telegraph wires convey the telegraph force to every station, large or small. Ordinary physicians fail to understand this fact, instead of treating the nerve centers for the cause of the disorders arising therefrom they treat the part affected.

Franklin Miles, M. D., LL. B., the highly celebrated specialist and student of nervous diseases, and author of many noted treatises on the latter subject, long since realized the truth of the first statement, and his Restorative Nervine is prepared on that principle. Its success in curing all diseases arising from derangement of the nervous system is wonderful, as the thousands of unsolicited testimonials in possession of the company manufacturing the remedy amply prove.

Dr. Miles' Restorative Nervine is a reliable remedy for all nervous diseases, such as headache, nervous debility, prostration, sleeplessness, dizziness, hysteria, sexual debility, St. Vitus dance, epilepsy, etc. It is sold by all druggists on a positive guarantee, or sent direct by the Dr. Miles Medical Co., Elkhart, Ind., on receipt of price, \$1 per bottle, six bottles for \$5, express prepaid. Restorative Nervine positively contains no opiates or dangerous drugs.
